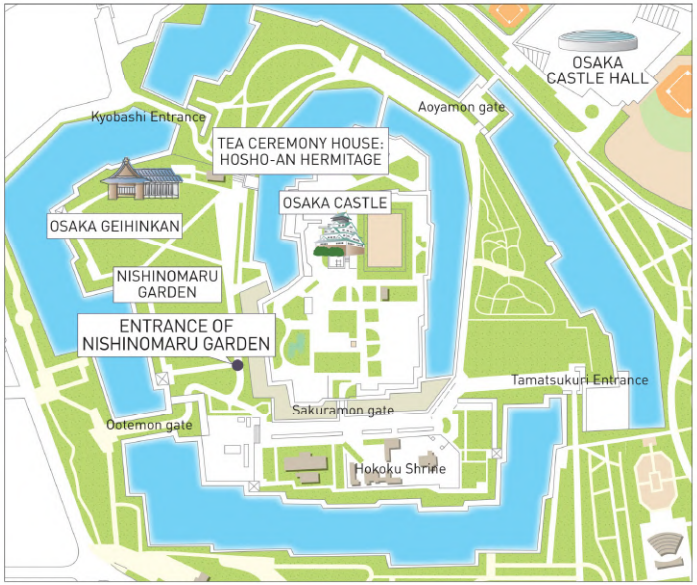
OSAKA GEIHINKAN Former Guest House

OSAKA GEIHINKAN Former Guest House was built as a State Guest House to welcome foreign dignitaries from countries all over the world during "APEC 1995". This Japanese-style building is modeled on the Shiro-shoin of Nijo-jo Castle in Kyoto (UNESCO World Heritage Site). Located in the heart of Osaka, it offers not only direct access to major transportation network, but also a sanctuary away from the hustle and bustle as it is surrounded by rich greenery and boasts an amazing view of the Osaka Castle.



Architecture

OSAKA GEIHINKAN Former Guest House is located in the lush grounds of Nishinomaru Garden of Osaka Castle Park. Surrounded by greenery with open sky above, it commands stunning views of the Osaka Castle and the garden is a perfect spot to take in the colors of spring blossoms and autumn leaves. It is the reception hall that hosted the 1995 APEC summit, a space inspired by the UNESCO World Heritage-listed Nijo-jo Castle in Kyoto and built by Japanese artisans that the coffered ceiling is a fine example of their work.
